

Complement activation in neurological diseases:

from the central nervous system to the neuromuscular junction

Friday, September 11, 2020; 16:00–17:00 (CEST)

Registered delegates will be able to join
the symposium via the ICNMDigital platform

INVITATION

Virtual industry-supported symposium at ICNMDigital

This presentation was approved by the Scientific Program Committee as an independent activity held in conjunction with ICNMDigital. This presentation is not sponsored or endorsed by ICNMDigital.

Complement activation in neurological diseases:

from the central nervous system to the neuromuscular junction

PROGRAM

Chair: Dr Angela Genge

**Generalized myasthenia gravis:
complement and the neuromuscular junction**

Dr James F. Howard, Jr (USA)

**Neuromyelitis optica spectrum disorder:
complement and astrocytes**

Dr Dean Wingerchuk (USA)

**Amyotrophic lateral sclerosis:
complement and the spinal cord and
neuromuscular junction**

Dr Angela Genge (Canada)
